

## **MVHRA Wins 2023 SHRM Pinnacle Award for Exceptional HR Program**

Award Initiatives Focused on Community Outreach, Education and Membership

**OHIO – DAYTON, MVHRA** was awarded the 2023 SHRM Pinnacle Award during the **Nov. 17 SHRM Volunteer Business Leaders Meeting in Washington D.C.** in recognition of its high achievements advancing the profession of human resources.

The Pinnacle Award is the most prestigious honor SHRM state councils and chapters can receive. Created in 1991, it recognizes innovative projects created and implemented by SHRM affiliates. MVHRA was one of twelve human resource organizations which included nine chapters and three state councils –out of more than 600 –from across the country to win the award in 2023.

The awards, created by SHRM in 1991 come with \$1,000 and a crystal plaque. This year's awards were sponsored by 4019k) Solutions by Raymond James.

“SHRM affiliates are leading the way in reinventing the future of work,” said **SHRM President and CEO, Johnny C. Taylor, Jr., SHRM-SCP**. “Through creating inclusive cultures and workplaces, investing in pioneering educational programs and increasing the workforce readiness and opportunities for underserved and underemployed groups, each SHRM chapter and state council winner helped to raise up their community.”

Awards were given in three different categories – Serving the Professional, Advancing the HR Profession and Enhancing the SHRM Community. Winners included state council and chapters grouped by size.

“We have profoundly elevated the mission of our association, which is to connect, support, and educate HR professionals within our Chapter and the broader community, through the honor of receiving this prestigious award.”

The MVHRA Mentoring Program is designed to serve the HR professional by providing skills development and professional growth opportunities to our members. The six-month program matches HR mentors with HR mentees seeking assistance with career planning, best practices, advice, problem solving and networking connections.
